

THE CONGRESS AND CULTURAL CENTER ESPERANTO IN FULDA – UNIQUE COMBINATION OF CONGRESS CENTER AND FIRST-CLASS-HOTEL

THE NAME ESPERANTO IS OUR PROGRAM – MULTICULTURAL AND COSMOPOLITAN

The basic idea behind Esperanto is a humanist idea, creation of a world that is full of the joy of life. A world where traveling is a tingling pleasure full of discoveries. At Hotel Esperanto, this mood can be sensed and experienced. People meet in a harmonic and comfortable atmosphere – to relax after a long journey, to meet, celebrate and feel good.

IDEALLY CENTRAL, IN THE MIDDLE OF GERMANY

The opening of the congress and cultural center and hotel Esperanto opens completely new perspectives for Fulda as a site for congresses. Located ideally central and in the middle of Germany, the Esperanto has been presenting itself since September 2005 as a new center for events and meeting point in the direct neighborhood to the ICE station. The offering is quite impressive. The total area of approximately 28,000 m² easily fills three FIFA soccer fields. Along with the hotel Esperanto, 3 multi-functional halls for events offer space for national and international congresses, concerts, TV shows, events, fairs and festivities of all kinds. Up to 7,500 people can meet here.

ROOM FOR NATIONAL AND INTERNATIONAL CONGRESSES AND EVENTS

The Esperanto hall with an interior space floor area of approx. 2,500 m² is the center. The hall is fully air-conditioned and the bleachers areas can be opened electronically. The hall is fully equipped with lighting and sound systems, and it has a variable stage system. The adjacent Waides hall can be used for multiple functions (1,550 m²). It offers room for up to 1,500 persons. It has a mobile ice-skating rink for the winter months. The Plaza Esperanto with its glass ceiling and ravishing lighting concept offers the background for splendid events, exhibitions and cultural occasions of all kinds.

MEETING AND WELL-BEING

The four-star Superior Hotel Esperanto (330 rooms, junior and luxury suites) receives its guests with a Mediterranean atmosphere of well-being. Warm bordeaux tints and a modern interior that was especially developed for this hotel with great love of detail offer the desired pole for relaxation after a long journey or a hard day of work. A very modern seminar and conference area with 19 conference and group rooms has a variable room concept for 2 to 350 people. In the adjacent business lounge with a large outdoors terrace, guests are spoiled by wellness snacks and coffee specialties during meeting breaks.

LUCULLIAN PLEASURES WITH MEDITERRANEAN FLAIR

The main restaurant El Jardin with its beautiful outdoor terrace and classic international cuisine, the wine bar in Canary Island style, the bierstube, the café with large red leather benches, or the cocktail bar on the 6th floor offer something special for any taste. The Brazilian grill restaurant Toro Negro in the penthouse is unique in the region, with original rodizio and a breath-taking view of the baroque city Fulda. South American meat specialties are here served directly from the spit.

WELCOME TO THE BEAUTY & SPA ESPERANTO

Relaxation and well-being are found in the hotel's own **BEAUTY & SPA ESPERANTO**. The select ambience and luxurious comfort make the wellness resort, with more than 4,000 m² of floor space, to a special place of relaxation. Vitalizing massages, soothing facial and body applications, fabulous grooming ceremonies in the sauna and bath resort, as well as relaxation rooms and oases of silence promise pure recreation.
